The intent of this effort is to give University of Hawai‘i students awareness of the many exciting professional opportunities inside the U.S. Coast Guard. The USCG District Fourteenth headquartered in Hawai‘i has made a strong personal connection with UH Mānoa and will bring 3 or more young officers from various fields of expertise (law enforcement, disaster response management, aviation) to share with you their personal experiences and why they think UH Mānoa students would enjoy a career with premier benefits spanning premier pay and medical benefits, including post-graduate degree scholarships.

All engineering majors, information technology, pre-law, criminal justice, applied science, finance, business and public administration, project or program management disaster preparedness & emergency management, environmental science, occupational & safety management are highly suggested to attend!
