**Electric Vehicle Etiquette (EV)**

**Do** & **Don’t**

- **DO** park here when you need to charge your electric vehicle
- **DO** use an app to find more charging stations or visit opconnect.com/press/Map
- **DO** ask for a charge. You can leave a note for the EV driver to plug you in or to call if/when he/she is finished
- **DO** honor requests for cord-swapping and leave a note for when it’s OK to do so
- **DO** charge enough to get to your next destination, then move your car so another EV can charge
- **DO** move with aloha! For your safety and the safety of others on our campus

- **DON’T** park here if you don’t have to or don’t need to charge an EV
- **DON’T** unplug someone else’s EV that needs a charge
- **DON’T** leave nasty notes! Respect each EV user’s property and the first-come, first-served rule
- **DON’T** park illegally in a reserved or A/V access stall to cord-swap
- **DON’T** abuse the EV equipment. Avoid overstretching the cord, and neatly wind it for the next user
- **DON’T** forget: We’re all in this together! #UHsustainability
