Our Experience

Throughout 4-H we participated in events and workshops that helped us gain self confidence, leadership skills, and social skills. We also built strong bonds with not only our club members, but with people from around the country. 4-H has helped us in many ways because we use leadership skills and social skills in our everyday lives. We have had a lot of fun participating in this organization and we hope that you will involve your child in this life changing experience.
