

Junior Leadership

For my National 4-H Congress Giving Back Project, I've been working with the Shining Diamonds 4-H club as their junior leader.

Although the club took a short break, we've been trying to work together in the federation projects. The club is very small, but I've been working with the club so that we could get more members and create a more flexible schedule to work with everyone's busy schedules.

The girl in the picture is Alyssa T., one of the members of the Shining Diamonds 4-H Club. This past year she was able to participate in our federation's Demonstration Day and 4-H Spectacular.

Sincerely, Jana M.
