Having Trouble finding some information on the HIDOE web site?

Our public education system is complex and the state keeps and reports data in many different ways. Here is a short guide for finding some commonly asked for data, including some state by state comparisons using data provided to the federal government by Hawai‘i and other states.

Where can I find an overview of our public school system?

- The Superintendent's Annual Report profiles noteworthy academic events, trends and outcomes at the state and complex-area level. It includes tables, figures and narrative sections related to demographic, financial and educational performance. Also, comparisons to other states with characteristics similar to Hawai‘i are provided to illustrate relative progress or status on specific indicators. - The State Board of Education has also adopted a Strategic Plan to guide the Department. [http://www.Hawai‘i publicschools.org/VisionForSuccess/AdvancingEducation/StrategicPlan/Pages/home.aspx](http://www.Hawai‘i publicschools.org/VisionForSuccess/AdvancingEducation/StrategicPlan/Pages/home.aspx)

How many students are enrolled in my school? In All schools?

- Enrollment spreadsheet by School, Complex Area, Grade and Special Education. For more similar information, look on the SCHOOL REPORTS page. State by state comparisons for class size can be found at: [http://nces.ed.gov/surveys/sass/tables/sass1112_2013314_t1s_007.asp](http://nces.ed.gov/surveys/sass/tables/sass1112_2013314_t1s_007.asp)

What does my school do for accountability and improvement?

- Individual schools need to make a School Status and Improvement report every year. Found on the Accountability Resource Center Hawai‘i website, you can find other information relating to school quality, NCLB and others.
- Look to see how a particular school is doing in the Strive High initiative.
- Each school's Academic Financial Plan can be found on the School Documents Online website for now, migration planned for V2 of the website.
- For public high schools only: The Class of 2012 P-20 Hawai‘i College and Career Readiness High School Profiles: P-20 has compiled a variety of statistics from the Hawai‘i Department of Education on Hawai‘i public high schools that cannot be found elsewhere on one site.
