Friday, March 7, 2008

UHM Spalding Hall 155

Ang oras, nahahati.
Ang puso, hindi.

Because Norma must work in the city, she has to leave behind her daughter Ruby in the province with her mother. When nobody can look after Ruby, Norma has to bring her to live with her in the house of her employers and the latter's daughter Louise. There, Norma must try to balance who she devotes her attention to: her own daughter or her ward?
