Theatre Program Double Track MFA
University of Hawai‘i Department of Theatre and Dance
Guidelines

The student will fulfill all the specific requirements for two MFA degrees in Theatre, applying one course to requirements in both degrees whenever possible (i.e. with one course fulfilling a different requirements for each degree, or fulfilling a requirement for one and being an elective for the other) so as to prolong the student’s residence by one semester at the most. Requirements for 690 and 695 will be worked out by the student’s MFA committee, with overlap whenever possible. The committee will be composed of a chair from one area of concentration and a co-chair from the other—or of two co-chairs, one from each of the two areas of concentration—and a third member of the student’s choice.
