

About MIX

Mānoa International Exchange (MIX) is one of the many ways the University of Hawai'i at Mānoa demonstrates its active and sincere commitment to international education and understanding.

MIX provides exciting opportunities for undergraduate and graduate students from UHM to study overseas and also allows students from overseas universities to study at UHM. Student exchanges may be for one or two semesters. There are also summer options for outbound UHM students.

Outbound UHM exchange students register as full-time students at UHM, pay their normal UHM tuition but do not pay tuition at the partner university, and are also responsible for travel costs, housing, meals, and all other living expenses. Eligible students may apply for financial aid and scholarships.
