MEMORANDUM

TO: Council of Academic Advisers
Academic Policy Committee
Council of Chief Academic Officers

FROM: Denise Konan
Interim Assistant Vice Chancellor for Academic Affairs

SUBJECT: The OVCAA Articulation Website

The Office of the Vice Chancellor for Academic Affairs has created a website to facilitate the provision of accurate transfer information. From Manoa's perspective, the information on this website (http://www.hawaii.edu/ovcaa/academics/articulation_courses.htm) should be used as the official source of information for approved courses that articulate to satisfy Mānoa's new General Education requirements.

The Transfer Handbook has not been updated with current course articulation information regarding Mānoa's new General Education curriculum. It should be used for archival information only to verify courses that articulated prior to Fall 2001.

Mānoa continues to make progress in approving increasingly more courses for articulation and offering more choices to students who transfer to Manoa. I appreciate your support in providing accurate information to the students who wish to transfer to Mānoa. Share this information with those who advise potential transfer students to Mānoa.

Please feel free to contact me, or Program Officer Helene Sokugawa at (956-9396) with any inquiries.
