ACADEMIC POLICY—UNDERGRADUATE EDUCATION

Fall 2012
(Revised July 2014)

M5.320 UPPER DIVISION CREDIT REQUIREMENT

Effective fall 2012, students must complete a minimum of 45 upper division credits to earn a baccalaureate degree. Upper division credits are defined as “300 and 400 level course credits.”

Note: The 45 upper division credit requirement for undergraduate majors has been modified for the Departments of Biology and Chemistry. Students pursuing a baccalaureate degree in Biology or Chemistry must complete either a minimum of 45 upper division credits, or a combination of no fewer than 25 upper division credits and 35 major-required lower division credits.
