  - Project Principal Investigator = Deborah Goebert, Dr.P.H., Professor, Department of Psychiatry
- 02/16-09/18 Principal Investigator (04/18-09/18) and Evaluator – Kūalahale Learning Project
- Funding from the US Department of Education, Native Hawaiian Education Act (S362A150061 – sub-award from Kula No Na Po'e Hawai'i, Papakōlea Community), to establish a community-centered model that enhances academic achievement and career/workforce development.
  - Overall Principal Investigator = Adrienne Dillard, M.S.W., Executive Director, Kula No Na Po'e Hawai'i
- 01/16-12/16 Principal Investigator – Needs and Assets Assessment of Oral Health Services in Hawai'i
- Funding from the Hawai'i Dental Service (HDS) Foundation (processed through the University of Hawai'i Foundation), to conduct a statewide assessment of oral healthcare services and provide recommendations on prioritization of future activities. Funding has provided support for graduate student support.
- 12/15-09/16 Investigator – Project HANU Westside Needs Assessment
- Funding from the National Institutes of Health, National Heart, Lung, and Blood Institute (U34 HL130780-01, awarded to Department of Pediatrics) to conduct a needs assessment in the Wai'anae/Nānākuli community to inform design of an intervention to address school performance/attendance related to asthma symptoms.
  - Principal Investigator = May Okihira, M.D., Assistant Professor, Department of Pediatrics and Pediatrician, Wai'anae Coast Comprehensive Health Center
- 07/15-09/15 Co-Principal Investigator – Screening, Brief Intervention, and Referral to Treatment (SBIRT) for Pregnant Women
- Contract with the Hawai'i State Department of Health, Office of Planning, Policy, and Program Development (PO #00216948), to assist with implementation of strategic initiatives to increase capacity and services for substance-using pregnant women. This included conducting a statewide needs assessment on current SBIRT implementation, as well as designing and implementing an SBIRT training curriculum for primary care providers.

- 07/13-09/15 Principal Investigator (07/2013-09/2014) and Evaluator – Driving While Impaired (DWI) Court Pilot Program Evaluation
- Funding from the National Highway Traffic Safety Administration (NHTSA), via the Hawai‘i State Department of Transportation and Hawai‘i State Judiciary (Contract #J13117), to implement and evaluate Honolulu County’s pilot DWI Court. The program coordinates with substance abuse treatment programs/facilities and provides intensive case management for participants. Evaluation methods included both quantitative and qualitative measures.
- 01/14-06/15 Investigator – Native Hawaiian Center of Excellence (NHCOE) and ‘Imi Ho‘ōla Post-Baccalaureate Program
- Collaboration to analyze and disseminate process and outcome evaluation data. Provided consultation and technical assistance to NHCOE and ‘Imi Ho‘ōla faculty members regarding research/evaluation design, data analysis (quantitative and qualitative), and manuscript preparation and submission.
  - Principal Investigator = Winona Lee, M.D., Director, Native Hawaiian Center of Excellence (NHCOE) and ‘Imi Ho‘ōla Post-Baccalaureate Program
- 08/11-11/14 Project Director (Emergency Department and Trauma Center Sites) & Director of Systems Development & Collaboration – Hawai‘i’s Caring Communities Initiative (HCCI) for Youth Suicide Prevention
- Funded by Substance Abuse and Mental Health Services Administration (SAMHSA) Cooperative Agreements for State-Sponsored Youth Suicide Prevention and Early Intervention (1U79SM060394-01). Funding has provided support for graduate student support.
  - Under the Hawai‘i’s Caring Communities Initiative, two strategic projects were implemented entitled *Mobilizing Communities At-Risk and Enhancing the Statewide Trauma Network*, using the rubric of the evidence-based *Communities that Care*. With the goal of preventing youth suicide and increasing early intervention, these projects positively impacted at-risk communities, as well as the statewide suicide crisis infrastructure in Hawai‘i.
  - Principal Investigator = Deborah Goebert, Dr.P.H., Professor, Department of Psychiatry
- 10/09-12/13 Investigator & Program Manager – Model Partnership for Behavioral Health Research
- Funded by The Queen’s Medical Center.
  - The purpose of this project is to establish a clinical-department research partnership model between The Queen’s Medical Center (QMC) and Department of Psychiatry of the John A. Burns School of Medicine (JABSOM). This model will serve as a prototype for other JABSOM clinical departments to likewise partner with QMC to accelerate the quantity and quality of health-related research in Hawai‘i, which will translate in improved quality of care for patients in Hawai‘i.
  - Principal Investigator = Deborah Goebert, Dr.P.H., Professor, Department of Psychiatry
- 09/05-09/11 Director of Infrastructure & Collaboration, Assistant Director of Research, Assistant Director of Evaluation, Program Manager – Asian/Pacific Islander Youth Violence Prevention Center (APIYVPC) (Renewal)
- Funded by the Centers for Disease Control and Prevention (1 U49 CE000749). Funding has provided support for graduate student support.
  - The APIYVPC’s mission is to reduce and prevent interpersonal youth violence for Asians and Pacific Islanders by developing an effective, comprehensive, public-health, and culturally competent model for one API community (i.e., Kailua-Waimānalo) to serve as a national prototype.
  - Principal Investigator = Earl Hishinuma, Ph.D., Professor, Department of Psychiatry
- 02/10-10/10 Co-Principal Investigator – Needs Assessment and Prevention Plan for Violence and Abuse in Hawai‘i
- Funded by the Hawai‘i State Department of Health, Injury Prevention and Control Section (PO#00840508).
  - The goal of this project was to conduct a statewide needs assessment for violence prevention and abuse for the Hawai‘i Injury Prevention Plan (HIPP) revision to include: an assessment of current and past needs assessments and plans; conducting an environmental scan of current programs, research and interventions; conducting and analyzing survey and key informant interviews on capacity, services, gaps, and challenges; and developing a final report including recommendations and rationale for reducing violence in Hawai‘i.
  - Principal Investigator = Jane Onoye, Ph.D., Assistant Professor, Department of Psychiatry

- 09/00-09/06      Program Manager – Asian/Pacific Islander Youth Violence Prevention Center (APIYVPC)
- Funded by the Centers for Disease Control and Prevention (5 R49-CCR-918619). Funding has provided support for graduate student support.
  - The goals of the project are: (1) mobilize/collaborate; (2) develop/conduct research on prevention of Asian/Pacific Islander youth violence; (3) disseminate research findings & provide a national resource; (4) train/develop new researchers; & (5) develop a training curriculum for health professionals.
  - Principal Investigator = Gregory Mark, D.Crim., Professor, Department of Psychiatry

#### Grants/Contracts – Submitted But Not Funded

- 09/17-09/22      Principal Investigator – *E Mālama Ola: Caring for Life by Integrating Zero Suicide*
- Proposal submitted to the Substance Abuse and Mental Health Services Administration (SAMHSA) Cooperative Agreements to Implement Zero Suicide in Health Systems (SM-17-006).
  - The purpose of our project, “*E Mālama Ola: Caring for Life by Integrating Zero Suicide*,” is to reduce suicide deaths and attempts in Hawai‘i by integrating “Zero Suicide” throughout the State’s Trauma System. This is a comprehensive, multi-level project which will promote suicide prevention, early intervention, treatment, and recovery. Seven organizational goals for the project (i.e., for individual trauma sites) align with the seven essential elements of Zero Suicide – lead, train, identify, engage, treat, transition, and improve.
- 09/17-09/20      Principal Investigator – Health Systems Integration of Strategic Suicide Prevention for Adults in Hawai‘i (I4H)
- Proposal submitted to the Substance Abuse and Mental Health Services Administration (SAMHSA) Cooperative Agreements to Implement the National Strategy for Suicide Prevention (SM-17-007).
  - The purpose of our project, “Health Systems Integration of Strategic Suicide Prevention for Adults in Hawai‘i (I4H),” is to reduce suicide deaths and attempts in Hawai‘i through a comprehensive, multi-level approach to promote suicide prevention, early intervention, treatment, and recovery. Three project goals will guide I4H’s implementation. Goal #1 is to promote suicide prevention as a core component of Hawai‘i health care services, as recommended by Goal 8 of the National Strategy for Suicide Prevention. Goal #2 is to promote and implement effective clinical and professional practices among Hawai‘i providers for assessing and treating those identified as being at-risk for suicide behaviors, as recommended by Goal 9 of the National Strategy. Goal #3 is to establish and maintain necessary infrastructure and evaluation processes to monitor project activities and impact, and to sustain project activities and impact beyond the funding period.
- 09/17-09/20      Sub-award Principal Investigator and Evaluator – Kūalahale Learning Project II
- Proposal submitted to the US Department of Education, Native Hawaiian Education Act (ED-GRANTS-052417-001), to establish a community-centered model that enhances academic achievement and career/workforce development.
  - Principal Investigator = Adrienne Dillard, M.S.W., Executive Director, Kula No Na Po‘e Hawai‘i
- 09/15-09/20      Co-Director – Hawai‘i’s Caring Communities Systems Initiative (HCCSI) for Youth Suicide Prevention
- Proposal submitted to the Substance Abuse and Mental Health Services Administration (SAMHSA) Cooperative Agreements for State-Sponsored Youth Suicide Prevention and Early Intervention (SM-15-004).
  - This five-year project brings together youth and emerging adult leaders, community organizations, community health centers, a team of public health community providers from the University of Hawai‘i at Mānoa, John A. Burns School of Medicine, and local and state suicide prevention task force members, in suicide prevention. Instilling hope and healing will be achieved through: 1) community-based programs that engage youth through strengthening initiatives; and 2) engaging community, youth-serving, and health care organizations in systems-development and capacity-building through collaborative work on suicide prevention.
  - Principal Investigator = Deborah Goebert, Dr.P.H., Professor, Department of Psychiatry

- 10/14-09/15      Principal Investigator – Hawai‘i’s Caring Communities Initiative (HCCI) for Youth Suicide Prevention in Waipahu
- Proposal submitted to City and County of Honolulu’s Grants-in-Aid (GIA) program.
  - The over-arching goal of the Hawai‘i’s Caring Communities Initiative (HCCI) for Youth Suicide Prevention is to create an effective and sustainable system for youth suicide prevention that instills hope, promotes care, and reduces suicide. This project will expand HCCI’s current activities and establish a comprehensive suicide prevention system in Waipahu, a rural at-risk community. The Connect Suicide Prevention Training, a best practice, will provide the foundational capacity for all participants and settings. This project will integrate two components: 1) primary prevention via youth-led outreach, awareness, and education activities in schools, youth-serving organizations, and the community; and 2) secondary and tertiary prevention via the Zero Suicide Approach which includes outreach, screening, and access to direct prevention/treatment services in community-based clinics and primary care practices. Additionally, sustainability efforts will begin upon project initiation.
- 08/14-07/19      Co-Director – Hawai‘i’s Caring Communities Systems Initiative (HCCSI) for Youth Suicide Prevention
- Proposal submitted to the Substance Abuse and Mental Health Services Administration (SAMHSA) Cooperative Agreements for State-Sponsored Youth Suicide Prevention and Early Intervention (SM-14-008).
  - This five-year project brings together youth and emerging adult leaders, community organizations, community health centers, a team of public health community providers from the John A. Burns School of Medicine, and local and state suicide prevention task force members, in suicide prevention. Instilling hope and healing will be achieved through: 1) community-based programs that engage youth through strengthening initiatives; and 2) engaging community, youth-serving, and health care organizations in systems-development and capacity-building through collaborative work on suicide prevention.
  - Principal Investigator = Deborah Goebert, Dr.P.H., Professor, Department of Psychiatry
- 08/14-07/19      Study Co-Principal Investigator & Assistant Director of Training Core – Injury Control and Prevention Research Center of Hawai‘i (ICPRCH)
- Proposal submitted to the Centers to Disease Control and Prevention (RFA-CE-14-001).
  - The Injury Control and Prevention Research Center of Hawai‘i’s (ICPRCH’s) mission is to reduce and prevent injuries and violence by translating evidence-based and public-health-oriented models. This multi-disciplinary approach will serve as a regional and national prototype for other communities across the nation.
  - Principal Investigator = Earl Hishinuma, Ph.D., Professor, Department of Psychiatry
- 01/13-12/15      Investigator & Program Manager – Building Strengths and Inspiring Hope Among Indigenous Youth
- Proposal submitted to the National Institute for Minority Health and Health Disparities (RFA-MD-12-006).
  - Three innovations (community involvement and indigenization, strengths-based prevention intervention, and CBPR) and qualitative and quantitative mixed-methods will be employed to generate and pilot-test a culturally-grounded, theoretically-sound indigenous youth suicide prevention intervention.
  - Principal Investigator = Deborah Goebert, Dr.P.H., Professor, Department of Psychiatry
- 08/12-07/17      Study Co-Principal Investigator & Assistant Director of Administrative Core – Injury Control and Prevention Research Center of Hawai‘i (ICPRCH)
- Proposal submitted to the Centers to Disease Control and Prevention (RFA-CE-12-001).
  - The Injury Control and Prevention Research Center of Hawai‘i’s (ICPRCH’s) mission is to reduce and prevent injuries and violence by translating evidence-based, public-health-oriented, and technology-based models. This multi-disciplinary approach will serve as a regional and national prototype for other communities across the nation.
  - Principal Investigator = Earl Hishinuma, Ph.D., Professor, Department of Psychiatry
- 09/11-08/16      Associate Director of Infrastructure & Collaboration – Asian/Pacific Islander Youth Violence Prevention Center (APIYVPC) (Renewal)

- Proposal submitted December 2010 to the Centers for Disease Control and Prevention (CDC), Cooperative Agreement Program for the National Academic Centers of Excellence in Youth Violence Prevention (RFA-CE-10-004).
- Given the high rates of youth violence for some groups of Asian American/Pacific Islander (AAPI) adolescents and lack of effective programs for these youth, the APIYVPC's mission will be to reduce and prevent youth violence for AAPIs by implementing, evaluating, and disseminating a more comprehensive approach to youth violence prevention. This approach will integrate a strategic set of evidence-based approaches into the social-ecological framework, thus fostering a more community-wide, sustainable, and effective youth violence prevention model that will serve as a national prototype.
- Principal Investigator = Earl Hishinuma, Ph.D., Professor, Department of Psychiatry
