Explanations																
Column1		Course Number														
Column2		Math or Service														
PG1		Goal: Learn, understand, and be able to apply calculus in one and several variables														
PG2		Goal: Learn, understand, and be able to apply linear algebra and the theory of vector spaces														
PG3		Goal: Study and learn several mathematics topic at junior and senior level														
PG4		Goal Study and learn in-depth advanced topic (sequence)														
Sk1		Skill: Develop and write direct proofs, proofs by contradiction, and proofs by induction.														
SK2		Skill: Formulate definitions and give examples and counter examples.														
SK3		Skill: Read mathematics without supervision.														
Sk4		Skill: Follow and explain algorithms.														
Sk5		Apply mathematics to other fields.														
R		Learn about research.														
I		Introduced														
C		Continued														
E		Emphasized														
A		Assessed
