

MATHEMATICS GRADUATE PROGRAM COURSE MAP

These are the basic course sequences. Students enter the sequences at the appropriate point after advising. The MA degree requires 611, 612, 631, 644. These courses prepare doctoral students for the comprehensive examinations.

Algebra.

- (1) MATH 412
- (2) MATH 412
- (3) MATH 611
- (4) MATH 612

Analysis.

- (1) MATH 431
- (2) MATH 432
- (3) MATH 631
- (4) MATH 632
- (5) MATH 644
- (6) MATH 645

The student and his/her advisor will determine the elective courses.
