

University of Hawaii

Tropical Plant Pathology Graduate Program Curriculum Map

SLO 1. TPP students communicate effectively.

SLO 2. TPP students are competent and knowledgeable biologists.

SLO 3. TPP students conduct research in plant pathology.

Course	Title	SLO 1	SLO 2	SLO 3
PEPS 601	Agrosecurity and Food Safety	A	A	-
PEPS 605	Biology of Plant Pathogens: Fungi and Nematodes	-	A	A
PEPS 606	Biology of Plant Pathogens: Bacteria and Viruses	-	A	A
PEPS 615	Diagnosis and Management of Tropical Plant Diseases	-	A	-
PEPS 615L	Diagnosis and Management of Tropical Plant Diseases Laboratory	A	A	A
PEPS 627	Molecular Diagnostics: Principles and Practices	-	A	A
PEPS 652	Molecular Plant–Fungal Interactions	-	A	A
PEPS 660	Seminar in Plant Pathology	A	A	-
PEPS 691	Special Topics	A	A	-
PEPS 699	Directed Research	-	A	A
PEPS 700	Thesis Research	A	A	A
PEPS 716	Advanced Plant Nematology	A	A	A
PEPS 730	Advanced Plant Virology	A	A	A
PEPS 746	Advanced Plant-Bacteria Interactions	A	A	A
PEPS 799	Proposal/Defense Seminar	A	A	-
PEPS 800	Dissertation Research	A	A	A
