

August 24, 2015 Revised Student Learning Outcomes (SLO)
MBTSSW doctoral graduates will demonstrate ability to:

1. Analyze and apply social welfare theories, research findings and research methodologies to resolve critical social welfare problems (*Qualifying Examination*);
2. Formulate relevant research questions, and apply appropriate research methods in culturally-appropriate research design. (*Qualifying Examination*);
3. Understand and analyze social welfare policies, and their impact on social work practice within communities and populations in-need. (*Qualifying Examination*);
4. Develop substantive knowledge in a field of social welfare (e.g. child welfare, health and mental health disparities, poverty, indigenous wellbeing, aging). (*Specialization Plan*);
5. Conduct rigorous research which aims to advance social work practice, policy and knowledge development. (Comprehensive Examination);
6. Integrate and synthesize research findings into the body of professional knowledge (*Final Examination/completion of the Dissertation*); and
7. Disseminate knowledge through publications and/or teaching (*Publications, presentations at conferences, teaching internship/regular courses while in the PhD program*).
