

BIKES

ARE THE #1 STOLEN ITEM ON CAMPUS!

- **Lock your bike**, even if leaving it unattended for just a few minutes. Lock the frame and both wheels to the bike rack.
- **To avoid a citation on campus, bikes must be parked in bicycle racks**, and in a manner that will not interfere with the safety or normal movement of vehicular or pedestrian traffic.
- **Use multiple solid steel u-locks** or a combination of a u-lock with a cable or chain lock. Remove unsecured items such as your wheel(s), seat, and accessories.
- **Don't park your bike in the same location** every time, or leave it locked for extended periods of time — thieves notice patterns.
- **Check with Cycle Mānoa about renting space** in their bike lockers. Free bike cage parking is also available through UHM Commuter Services.
- **Register your bike** with the City and County of Honolulu and UHM Commuter Services.
- **If you see something suspicious, call UHM DPS** at (808) 956-6911 or use the nearest Emergency Call Box (ECB).
