That covers your relevant experience, successful strategies, and vision
for the SoA. We ask that you present your vision from two perspectives:
first, your vision for the School as a whole, and second, its role within
the relationship between Architecture and Landscape Architecture in the
built environment. Additionally, we would like you to highlight how
students might benefit from a unique educational experience at the
intersection of these fields, particularly within the context of our state
Architecture 215
