RESIDENCE HALL POLICIES (COMMUNITY STANDARDS)

Important message: PUBLIC HEALTH INFORMED POLICIES – COVID-19

The Student Housing Services (SHS) directs efforts to protect the health and safety of our residents and to minimize the potential spread of disease within our community. As a resident, you should be aware that the current Coronavirus (“COVID-19”) situation necessitates a revision to the Community Standards (housing policies) for the 2020-2021 academic year. SHS will continue to make public health-informed decisions that may necessitate further changes to policies and will endeavor to update you with timely information about the Community Standards.

It is expected that all members of our residential community will act in a manner that demonstrates respect and consideration for others, including respect and consideration for the health and safety of all community members and employees. Creating a health or safety hazard within our communities is prohibited. Residents are required to comply with health and safety laws, orders, ordinances, regulations and health and safety guidance adopted by the University and/or SHS as it relates to public health crises. This guidance will evolve as the public health crisis evolves and may include, but is not limited to, physical distancing, limitations on gatherings, wearing a face covering, COVID-19 diagnostic and surveillance testing (including before or upon arrival to campus), contact tracing, disinfection protocols, prohibition of guests, and quarantine / isolation requirements (including before or upon arrival to campus). Adherence to health and safety requirements applies to all residents and staff, and will be extended to visitors if/when visitors are allowed by policy.

Community Living

Your on-campus residential experience is a great opportunity to learn about yourself, others, and how to truly be a part of a diverse community. Involvement in this unique environment can significantly enhance your overall collegiate experience academically, socially and developmentally.

All students who live in on-campus residential communities should feel welcome, valued and safe, and deserve to be treated with respect. Behavior that strays from the goals
and mission of the University and Student Housing Services (SHS) will not be accepted. Any form of bigotry, threats, intimidation, violence, or other forms of harassment or oppression against any member of our community is not welcome and will be addressed by SHS staff.

The University is committed to providing a workplace and educational environment, as well as other benefits, programs, and activities, that is free from discrimination on the basis of sex. The Office of Title IX has the specific responsibility for providing prompt and effective responses to all complaints of Title IX sexual harassment. For detailed information, access the website of the Office of Title IX at: https://manoa.hawaii.edu/titleix.

For details on the community standards related to Title IX sexual harassment including sexual harassment, sexual assault, dating violence, domestic violence, and stalking, refer to the section: 4. Assault/Harassment/Discrimination, 4-A. Sexual Harassment. Incidents of Title IX sexual harassment are referred to the Office of Title IX.

**Community Standards - 2020-2021**

The Community Standards are established to help students be part of communities that are inclusive, respectful and conducive to academic pursuits. Disciplinary action may be taken against any member of the residential community for any misconduct or violation of University and/or SHS policies and regulations including, but not limited to, the following types of conduct:

- Violation of rules and regulations as contained in the current Student Housing Services application forms, Residence Hall or Apartment Contract, Community Standards, and specific hall regulations.
- Violation of standards of conduct and/or regulations contained in the current University of Hawai‘i at Mānoa Handbook, catalog, and UHM Student Conduct Code. The UHM Student Conduct Code can be found on-line at http://studentaffairs.manoa.hawaii.edu/policies/conduct_code/.
- All residents are expected to know and comply with all applicable Federal, State and local laws and guidelines.

All residents are responsible for knowing and complying with SHS Community Standards and University regulations.
1. Alcohol

All residents are expected to know and comply with all State laws and guidelines regarding the consumption of alcoholic beverages on University premises as outlined in the University policies (EP 11.201 and EP 11.202) and the Community Standards. University policies can be found at: http://hawaii.edu/policy/. **The legal drinking age in the State of Hawai`i is 21 years of age.**

A. Residents who are not of legal drinking age may not possess, be in presence of, consume, or be under the influence of alcohol. Possession of an open or empty alcohol container shall be interpreted as being consumed. If alcohol can be seen, smelled or otherwise determined to be present, it can be assumed that a policy violation has occurred.

B. Residents of legal drinking age may possess or consume alcohol within the privacy of their room or apartment, so long as ALL occupants of the room/apartment are of legal drinking age. If a roommate who is not of legal age is not present, residents of legal age may consume alcohol with others of legal drinking age. University or Student Housing Services staff, acting in their official capacity, may request a government-issued picture identification to verify resident(s) ages.

C. Alcohol must be consumed within the confines of the resident’s room/apartment. Any and all alcohol outside the room/apartment is strictly prohibited, including, but not limited to, hallways, in parking lots, courtyards, and BBQ areas. Containers of alcohol that are transported through common areas must remain unopened. If the room/apartment door is open, the room/apartment is considered a common area.

D. Misuse of or abuse of alcohol, regardless of where it is consumed, which results in disruptive or destructive behavior, is prohibited.

E. Anyone who is 21 years of age or older is prohibited from distributing alcohol to anyone below the legal drinking age. The State of Hawai`i’s Social Host Liability Law makes it illegal to host underage drinking in a residence. Adults can be prosecuted for giving alcohol to minors. Resident hosts will be held responsible for distributing alcohol to anyone under the age of 21.

F. Drinking games (such as water pong) or any activity that promotes excessive consumption, whether or not alcohol is involved, are strictly prohibited.

G. Common source containers are strictly prohibited and will be confiscated and/or disposed of. Common source containers include, but are not limited to, kegs, party balls, water jugs, and beer bongs.

Officially approved air conditioner units must be installed by the Student Housing Services staff. The presence of an unapproved air conditioner will result in the resident(s) being charged for the presence of and for the duration of the presence of the unapproved unit. Refer to “Administrative and Damage Fee Sheet” at http://manoa.hawaii.edu/housing/feesheet.
F. Any appliance with an open heating element not covered in these policies is prohibited for use or storage in residence hall rooms. This means that residents cannot host anyone except for other residents who live within the same building/community. Visitation and socialization between residents within the same building/community will be permitted provided residents abide by all special health and safety policies such as, but not limited to, face coverings, physical distancing, and cleaning.
In regard to food service facilities within SHS property (Hale Aloha café, Gateway café, and The Market), please adhere to the guest and other guidelines posted at or disseminated by those operations.

A. Host Responsibility: When hosting “guests” (as defined above) within individual rooms/suites/apartments, the resident hosts(s) will be responsible and accountable for what occurs in their spaces including the behavior of their “guests,” activities of their “guests,” or damages caused by “guests.” Residents are allowed to host “guests” in their rooms so long as they have the permission of their roommate(s), and provided that all individuals abide by the special COVID related policies. A. The creation of an unwelcome environment is prohibited. Attempts to deter another person from occupancy or attempts to intimidate or harass, whether directly or indirectly, will not be tolerated.
B. All room or space changes must be officially authorized by Student Housing Services. Refer to “Administrative and Damage Fee Sheet” at http://manoa.hawaii.edu/housing/feesheet.

C. Residents must be aware that vacant spaces within a room or apartment are subject to assignment at any time, even during this current COVID situation. Examples of such work include guiding people who are blind, alerting people who are deaf, and pulling a wheelchair. In that case, the individual must maintain control of the animal through voice, signal or other effective controls. Residents with service animals should notify the Student Housing Services (SHS) Assignment staff in advance of their arrival to on campus housing so that it can be noted in the system and appropriate accommodations can be provided. Note that Hawai‘i law and the University prohibit knowingly misrepresenting an animal as a Service Animal, and individuals are subject to discipline for such misrepresentation.

C. Assistance (Comfort) Animals: While assistance, comfort or emotional support animals are often used as part of a medical treatment plan as therapy animals, they are not considered to be service animals under ADA. These support animals provide companionship, relieve loneliness, and sometimes help with depression, anxiety, and certain phobias but do not have special training to perform tasks that assist people with disabilities. Assistance animals require KOKUA Program approval prior to the presence of the animal on campus/in residence. Residents must meet with a KOKUA Program counselor to review the steps for approval and to provide the appropriate documentation. Upon receiving approval from the KOKUA Program to have an assistance animal, the resident must meet with an SHS Assignment staff member to review and sign the “Service and Assistance Animal Agreement” form. Assistance animals cannot be brought onto SHS property until official approval is obtained and all relevant documents signed. Residents with KOKUA/SHS approved assistance animals must adhere to the terms of the Service and Assistance Animal Agreement form. For information pertaining to the approval process, please work with the KOKUA Program, 808-956-7511, www.hawaii.edu/kokua. Note that while approved assistance, comfort or emotional support animals are permitted in on-campus housing (in the facility to which the student is assigned), by University policy, they are not permitted in other facilities on campus such as academic or dining facilities.

B. Courtesy Hours: At times other than "quiet hours," residents are expected to exercise good judgment with respect to making excessive noise that intrudes on the privacy and the needs of others to sleep and study. Noise may be deemed disruptive if it can be heard through a closed door or window. Noise which is disruptive to other residents is prohibited, both inside and outside of residence halls, and courtesy and consideration for others is expected at all times. Residents are expected to respond positively to requests to reduce noise, and to respectfully approach others with requests for noise reduction.

The special quiet hours will also reflect the schedules for professional schools whose calendars are different from the undergraduate calendar. Flyers will be posted with specific dates.

17. ResNet Policy

Student Housing Services encourages responsible computing. Responsible computing is ethical, reflects academic honesty, and shows restraint in the consumption of shared resources. It demonstrates respect for intellectual property, ownership of data, system security mechanisms, and an individual’s right to privacy and freedom from intimidation, harassment and unwarranted annoyance. The ResNet policy has been established to provide a set of rules and guidelines for the proper and responsible use of the University of Hawaii and Student Housing Services computing and network resources, effective protection of individual users, equitable access, and proper management of these resources. These guidelines are intended to supplement, not replace, existing laws, regulations, agreements, policies, and contracts, which currently apply to these services. Users of the Student Housing Services ResNet are bound by the University of
Hawaii Executive Policy concerning the Management of Information Technology Resources.

The policy can be found at: www.hawaii.edu/infotech/policies/itpolicy.html

ResNet users are additionally bound by the following rules and regulations intended to preserve the integrity and accessibility of all computing resources:

A. Residents are responsible for ensuring that their computers are virus-free and secure before connecting to ResNet. Unintentional violations of ResNet policy due to a compromised computer may still result in sanctions.

B. The residential network may only be used for legal purposes and to access only those systems, software, and data for which the user is authorized. Accessing or providing access to copyrighted material including but not limited to music, movies, and software is prohibited.

C. The residential network is a shared resource. Network uses or applications that inhibit or interfere with the use of the network by others are prohibited. Examples include file sharing applications, E-mail spamming, unauthorized servers, or any other activity that consumes an excessive amount of bandwidth.

D. The residential network is provided for uses consistent with the academic mission of the institution. The network may not be used for commercial purposes or for unsolicited advertising.

E. Data jacks may not be used to provide network access to anyone other than the resident assigned to the data jack. Residents will be held responsible for all traffic passing or originating from their assigned connection. Hardware devices which extend the network such as routers must be secured and properly configured.

F. Servers of any kind are prohibited without authorization from the ResNet personnel. Examples include Web, FTP, Game, and SMTP servers. In addition, many hardware devices such as wireless routers include software components that act as servers and it is the responsibility of the resident to properly configure any such devices before they are connected to the network.

G. The network automatically provides network address information via DHCP. Individuals may use only the IP address assigned to them by Student Housing Services. Unauthorized use of a "fixed" or "static" IP address is prohibited.

H. Any malicious or hostile activities such as port scans, spamming, DOS attacks, or attempts to gain unauthorized access via the network are prohibited.
I. Forgery or other misrepresentation of one’s identity via electronic or any other form of communication is prohibited. This includes the use of an IP address not specifically assigned to the individual using it, impersonating another user with the intent to slander in public areas, and the use of a forged or false identity in E-mail communications.

J. Respecting the rights of other users is required at all times on the network. These rights include, but are not limited to, privacy, freedom of expression, and freedom from harassment.

K. Administrators of the residential network have the authority to control or refuse access to the network to anyone who violates these policies or who threatens the rights of other users. Administrators have the authority to restrict or suspend network access without notice for a user or computer that is believed to have been the source of an alleged violation pending investigation of the violation and satisfactory resolution of the complaint.

L. Student Housing Services assumes the responsibility for the maintenance of computing resources provided within Student Housing Services facilities. In the event of a loss of service, all reasonable attempts will be made to restore the connection as quickly as possible. Student Housing Services is not responsible for any damages or losses incurred due to the use of the network or from loss of service.

Use of the ResNet constitutes FULL agreement and understanding of this Acceptable Use Policy and any future modifications there to. Violations of this policy may result in termination of connection, disciplinary sanctions, as well as possible legal ramifications. Student Housing Services reserves the right to modify, change, and reformat this document, as it deems necessary without permission or consent of its network users. Copies of this policy will remain available via the ResNet web site.
