Xmas Celebration
The Best in History

AT METHODIST CHURCH

A short sermon, program, devoid of tedious addresses and the customary presidential address, filled only with music, recitations, and picturesque tableaux charmed the Christmas celebration of the Korean Methodist Church, held Friday evening. A record crowd estimated at 175 attended the service.

The room was most artistically decorated with streamers of vari-colored papers which assumed the form of a gigantic Xmas bell and the platform was tastefully dined in ferns and greens. The decorations were further enhanced by the miraculous lighting arrangements. The distributed presents and gifts completed the scene. This produced an atmosphere that was quite suggestive of the occasion.

The program opened with a few introductory words by W. S. Chung, after which the choir, united in singing "Oh come all ye faithful," a word of prayer by Mr. S. Lee and scripture reading by W. C. H. Min, the evening being brought to a close by the recitation of Ihren's solo. Supported by the church choir, little gave a plausible demonstration of her ability as a singer and was an unconfirmed applause. She was followed by a series of songs and recitations by groups of Sunday School children among which Mrs. W. C. Min's class, despite their smallness, was certainly a revelation to the way in which the little youngsters conducted themselves so creditably on the church.

As expected, a tableau presented by the Y.W.C.A. girls proved the outstanding feature of the program. Under the expert direction, the strain of Christmas carols 9 angels, each bearing a lighted candle softly stole their way into the room. They stood and sang "Silent Night, Holy Night" and "Joy to the World," and Mary and Joseph (Jane Moon) entered the room, followed by the shepherds and 3 Wisemen. The latter's sight of the radiant star elicited great applause, within the room.

At the conclusion of the musical numbers, Rev. Y. C. Kim introduced old man Santa Claus (S. W. Pyun) who made his entrance, much to the delight of those waiting. The whole proceedings did not last over an hour, the meeting coming to an end at 8:30 P.M.

Success Crowned
Conference at Waialua

SUCCEEDS crowned the second annual conference of Young Koreans held at Waialua during Dec. 18, 19, 20 under the auspices of the National Christian Association of Young People, the army of the 16 lucky boys and 4 elders who made up the camping party. As to the purpose of the meeting, P. O. M. All members were uninterested and asked to take notice of the important change and act accordingly.

The Christmas celebration at the Korean Christian Church on Saturday evening last was remarkable from one particular standpoint: the vast ocean of humanity for which space lacked accommodation by one inch. Most of the men had to sit throughout the performance while the children were packed as sardines around the pulpit stand. Ladies seats unattended. Mournfully the little children in turn outshone the big folk. Even the occasion may well be called a children's night. 500 is taken as a conservative estimate of those present.

As far as the decorations were concerned nothing was overdone. But the platform was beautifully decorated with synthetic colored puppets, stood heaped with pot flowers and plants. On a corner was placed the Xmas tree which was illumined by electricity. Over the minister's head shone the Bethlehem star which thrilled the audience whenever simply illuminated. Streamers of colored papers completed other decorations.

As at M. Church, the program was most agreeable, the means by no means short. Under presidency of Rev. C. H. Min, the meeting opened with the singing of "Oh come all ye faithful," followed by an invocation by Kang K. Y. Yi. Two little girls dressed in native costumes went singing a song, much to the surprise of the audience. A recitation by Mary You and a vocal solo by Miss Naom Chong followed in order. The audience failed to penetrate the misting atmosphere and could hardly, by heard, the undoubtably well, Miss Ruth Yum next took the floor reciting the whole of Christmas text from Luke 2.

Throughout the program Miss Jennifer Park proved herself the outstanding feature. She was a paragon in almost every number, singing two solos, one duet, and with the ladies choir. Her voice was in wonderful condition and those who heard her were in Watson that she had within a six-inch radius of the best vocalist present. The ladies did their best and incidentally the best in their voices.

SCHOOL NOTES

UNIVERSITY OF HAWAII

That the number of Korean students attending the University of Hawaii yearly is an omen that promises great things for the future of our race. In the days of old, we had been the lone members of our people, but now in all branches of the University there are Korean students and it seems marvelous at the time. As we hear that the number has been doubled by 50 or more, showing that we are successfully keeping our pace up to the standards of other intellectual groups. What the near future will reveal will be more notable in the coming years.

Presently, we are to be more free, to be more conscious of being a people, and to live in the world as a people. The time has come for the world to recognize the value of our existence. The future, from whatever angle you may view it, has only one positive forecast for us, and that is a men to whom shall be given, that he shall be an instrument for the future of our race. This instrument is to be us. We, the students of the University, are destined to be the leaders of our people. Let us not fail in our duty, for the success of our race depends on us.

Financial difficulties are not to be compared to the spiritual and intellectual advantages that will be ours.

MILLS HIGH SCHOOL

This year only 7 of Korean students are studying in "The Valley of the Rainbow." Of this number, a girl is in the Washington School. And 2 girls in Mills School.

The names of these girls are: Esther Park, Sulamee Lee, Siberia Choi, Jisul Kim, and Bernice Kim.

Korea has made great strides in the past years, and has shown to the world that she is a nation to be reckoned with. May we, the students of the University, continue to strive for the same success in our work.
Q: Dear Editor, please tell me how I can improve my English via the shortest route.
A: Sorry, but there is no such cut-out to the learning of English language. You must pay for it with your time and pain. However, I might hint that constant reading does one immense good.
Q: Do you believe in the theory of hereditary power?
A: I do, and science proves it. Like beggars' luck is a theory that is true in 200 days and so is it was. A beggar's son becomes a soldier or a minister's son minister, is a natural sequence of the hereditary law.
Q: What do you consider the greatest man living on the surface of the earth?
A: Thomas A. Edison, whose innumerable services to humanity assured the civilization we were afraid of time.
Q: What is the latest invention that you have found effective?
A: Radio, of course.
Q: What's your become of Shaymew?
A: Shaymew, the third of Commodore Mitis, was shot down in China after years of international negotiation and struggle. Certainly, the Chinese have come now to rejoice.

Student Union Social Indisp

The Korean Students' Union social, held at the Nuuanu Park Saturday evening, Dec. 16, was unique in that it was a failure. No detailed explanation is needed. Suffice it, on the same evening there was held at the Christian church a wedding toward which the whole of Korean prosopopoeia drifted, even officers of the Student Union. It was arranged to celebrate wedding which is the zenith of all human ambition and to a student union meeting, the trend of human psychology manifest itself.

It had been for the thankful the guests人数 and girls from Weegee Home who, like men and women, responded on time, and the live gallons of iced-tea already prepared, the social could have been well called off. However, patience played well with time and, by half past eight, the major part of the company appeared at the Y. In tears and, eachEastern Exponent

CHUNG'S BIRTHDAY PARTY

On Christmas, Walter Chung entertained a large number of friends at a birthday party, given in honor of his mother at her home. After eating, Mr. W. S. Chung spoke along humorous veins of the proceedings for the hour or so her son worked to effect it. Among those present were:

Young Kang, Andrew Kwock, T. S. Lee, W. M. Chung, and many other older people.

BOY SCOUT SOCIAL AT K.C.

Members of Troop 19, B.S.A. and their friends numbering nearly 75, enjoyed a splendid social at K.C.L. Friday evening, Dec. 15. James Shin, acting as the presiding officer, ably conducted the proceedings which proved to be of unusual interest.

Scout yell's, songs and the customary repetition of oaths were much in evidence. Choy Young Yit and Tom Park furnished a few original stunts which elicited a continuous wave of laughter. The main speaker of the evening was Mr. Samuel Rolley, Head of Boy Scout Organization. He spoke on the topic "Good Turn and Services," advising members to be courteous on streets as well as at home.

At the conclusion of the meeting delicious refreshments, consisting of sherbet and cake, were served.

CHOW BROS. REUNION PARTY

D. W. Chow, the famous Korean tailor, was the host to an elaborate banquet given at Ninjara Y Saturday evening. Dec. 16. The affair was prepared in honor of his brother, Choy Doo-Wan, who recently returned from the mainland after graduating from the University of Washington. About 30 people were present.

A short program, consisting of addresses by S. K. Lee, W. K. Ahn, Miss Hanh Whang, the honored guest, and songs by girls winding up the evening entertainment of B.M.P. M.

XMAS PROGRAM AT K.C.M.

[Continued from Page 1]

Tally the only speech of the occasion was delivered by Mr. Y. K. Kim who spoke of the significance of the Christmas season as applied to Korean people. Aside from these, the program contained several tableaux but they only deserve mention. The meeting ended at 9 o'clock with the distribution of gifts and candies by Santa Claus.
