What is the difference between a young lady and a young woman? A young woman is seen to be in a quieter home, and a young lady is never seen to be out of a quiet place.

Why is a girl like an angel? Because she is seen to be in a quieter home, and a young lady is never seen to be out of a quiet place.

SPOUT SPORTS

Enthusiasm for physical training on the part of young men as well as in actions seems to have reached its peak this year. The spirit of the gymnasium, for instance, has been at its highest level since the new structure was opened. Two groups of the young men have already been formed. One group is composed of the勿提组, and the other of the勿提组. Both groups have already shown great enthusiasm and have attracted the attention of the other students. The program for the year is expected to be quite interesting, and the Young Korea will keep you posted on the latest developments.

EDITORIALLY SPEAKING

VENI, VIDI, VICI

Hail to the Great Heroes whose walk has culminated in victory for the cause of Korean student unity in Hawaii! These intrepid university students who shouldered the spade of campus unity have accomplished a feat which would have been impossible had they not been strong and dynamic. This was the spirit that has carried our students through the many obstacles and difficulties. This spirit, which has been the mainspring of our unity, has brought us to the present stage where we can say with confidence that we have won.

PLEASING STUDENT UNITY

CATCH THE GLEAM OF THE ALLIANCE!

By Pyung San Pyun, Denier Mc-

Why friends, are we still standing by? Why is the light of the Alliance dimmer than it was? Have we lost our zeal and enthusiasm? Have we become complacent? The Alliance is a living thing, and it needs the support of its members if it is to continue to flourish. We must not allow it to fade away. Let us be the torchbearers of the Alliance, and let us spread its light to all corners of the island.
