XMAS OBSERVANCE GIVES GREAT JOY IN HONOLULU

Methodist Church Presents Best Program; The Christian Church Draws Largest Crowd; St. Luke's Mission Raises Money for Orphans; Salvation Army and Independent Church Furnish Program

Jup Pilvis Tries Hard But Valiente to Fall What Proved the Best Christmas Celebration in History of Hawaii Koreans

The observance of Christmas this year was unique in two particular respects. For the first time, it drew the great crowd that history yet recorded and, secondly, it transferred the authority of the powers that be from the hands of the old to the young people. This was the case at the Methodist Mission as was at the Christian Church, the spirit of the season prevailing in its quantity and according to reports from various churches the proceedings were carried out with the enthusiasm and spirit of that season's spirit.

At Christian Church

Witnessed by a vast crowd, whose number was estimated to be 10,000, the Christmas observance of the Christian Church, presented by the evening of December 25th at the Christian Church, so精细 as to be a sight never before seen in the Hawaiian Islands.

Address by Rev. C. H. Kim

In his stirring address, Rev. C. H. Kim, pastor of the Christian Church, made a profound appeal to the conscience and the mind of the hearers. He called for a reformation of character, and for this purpose he had the message of our Saviour, Jesus Christ, for the guidance of the youth. He concluded by reminding them of the innumerable blessings which had been bestowed upon them by the generous hand of God.

At Methodist Church

When it comes to making Christmas a success, the Methodist church is right there. This fact was evidenced by the large crowd that assembled on December 24th when over 400 people sat in the Fort Street church to commemorate the birthday of Christ. The congregations read the Bible, listened to the speaker, and many had to stand out in the corridor and on the steps.

To say that the decorations were elaborate is putting it in a general way. The trees were decorated with tinsel and garland, and the floor was covered with paper to look like snow. The platform was tastefully decorated with garlands and garlands of greenery. The Christmas tree was a glowing fireplace, and the decorations were a delight to the eye. It was a sight that was enjoyed by the congregation.

At Salvation Army

During the service, the Salvation Army band played several carols, including "Silent Night" and "Joy to the World." The singing was led by a choir, and the service was concluded with a prayer for peace and goodwill to all mankind.

S. F. A. Makes Appeal for Help of Publication

The Young Korea reproduces be- ing a letter from Harison M. Lee and a description of the Honolulu Mission of the American Missionary Society of the United States. The letter was reproduced in the Honolulu Mission, and the following is an excerpt from it:

"Polaroid of You: We recall that at the first annual convention of Korean students in America held at the University of Chicago, last June, one of the things we decided here at the convention was to publish a journal in Korean. We are now working on this project, and we are very excited about it. We hope to have the first issue out in a few weeks."

Christian Church Is Busy With Convention

The annual Conference of the Korean Christian Mission is being held at the church on Saturday, with about ten delegates from various parts of the United States under the presidency of Rev. C. D. Choy, president from Waldo.

Ventilation services in the morning, business meeting from 10 to 11, Bible lesson and fellowship until 1, and prayer meeting in the evening are the order of events during this Conference, emphasizing the fact that the Conference is seen as a means for the members of the Church to gather together and renew their commitment to the Gospel. The Conference will be published in the next issue of The Young Korea, by which time there will have been adjustments.

Further details are to be found in a letter from the Missionaries, Homola, H. W. Choy, S. K. Kim, S. C. Cho, D. T. Ahn and Maria Scott, from Waldo, to Rev. T. K. Park, with a message of the success of the Conference, to be published in the next issue of The Young Korea, by which time there will have been adjustments.

JAPAN MASSACRE (By Chul Sung Lee)
The League of Friends of Korea in America, through its president, Dr. Floyd Tomkins, has filed with Secretary Hughes a protest, stating that 500 Koreans were massacred during the fighting below Fuki in the recent Nagasaki earthquake by Japanese. The Japanese embroidery at Washington, of course, has officially denied the time, characterizing it as “unfounded.”

It is inevitable for the Koreans to deny such things. What else can the Koreans do to denounce, to 일본 한국에 대한 시청을 열고, 다음과 같이 타격을 철회하던 한국인을 대상으로 한 폭력 사건을 발생시킨 한국인의 행위를 비판받고 있는 사안은 다음과 같다.

The latest news from Japan indicates that the Japanese government is not going to be satisfied with the Japanese massacre in Korea. The Japanese government is determined to punish the Korean for the massacre.

Economic Pressure Hits Students

About 10 Korean students are in Germany at present, seeking advanced education in various colleges and universities. Their living condition is very much distressing. They have not got any help.

The living condition of the students in Germany is rendered worse by the lack of adequate living accommodations and the increasing cost of living. The students have to live in crowded dormitories and share small rooms. They have to outsource their meals and pay more money for their education. It is only appropriate that we, in Hawaii, should do likewise. It is hoped that the students in Germany will make every effort to bring about a solution to this problem.
