The Young Korea News

May 17, 1924

The Young Korea feels, and rightly so, that Dr. Yang is deserving of the best of his right to return to Hawaii to blame him but for Hawaii to blame itself if the gentleman after one year of scurrilous observation here chose to initiate a life-mate from the mainland. Girls need not question the proportion in their numbers, but rather question their own quality which failed utterly to interest him.

There is something seriously the matter with Hawaiian girls. Duty, responsibility, sociability, and steadiness are the traits of a good womanhood, and, except for a limited number, our sisters here seem to possess none of them. And, for any of them to shake their fists at the physician for the fact that she has taken, is, in fact, shaking tongues at their own faults.

If you have not read "The Economic History of Korea" by Mr. K. P. Park, editor of The New Korea, you should. It is well written and makes a wealth of information on Korean economic history. Korean women are decidedly the most attractive members of their sex in the Orient. They have a natural grace and are very musical. They are neither the usual Chinese women nor the cultivated Chinese women. (F. News Press House, a fine firm of the Victor Phonograph.)

Girls in the United States smoke about seven billion cigarettes a year. We suspect that 50,000,000 of them are borrowed, not smoked.

Korea was one of the first nations to establish the Chrysanthemum society. The Chrysanthemum, in which Miss Sodo Kim, the present president.

The G.O. P. Party means the Republican Party. A Democrat in the United States is the same as the Japanese on the Taisho Deo in Japan, in which case both parties are the same. It is not suggested that G.O.P. should mean, not the Grand Old Party, but the Grand Old President.

If a man is willing to work, every job in the world appears to be easy for him. That is the reason why we, the educated man, are held in contempt by others.

Japan cannot be a solution of our problem of surplus population with army and navy, for the world is off the Deep Sea. In order to solve the problem of over-population, Japan must be born again, born with a sense of justice and democracy. We must abandon our dream of Atlantic conquest, and consolidate the political and national spirit of every nation and country. We must be responsible for Japan's military, political, and social activities, work to be a lesson to the world, and fight for it.

The whole world loves a lover, we say. But have we not seen that a lover loves the world?

Hilo Ewopon League enjoys happy social

By Donohoe Chung

This past week among the people of Ewopon Korean League enjoyed a happy social at the Ewopon Methodist Church. It is held on Saturday, May 17th, and was enjoyed by all.

An unusual interesting and to the point address was delivered by Rev. Dr. Lee, pastor of the Church, who emphasized the importance of the Ewopon League as a confluence help to the church. All sorts of games and delicious refreshments washed up the program.

In reply to the criticism recently advanced against this publication for purposely omitting the names of those who have contributed, we wish to say that we were prompted to remain dark. The editor was not at the wedding and was not in the city when the calls were made to accede to it, and hence naturally we had no report upon the marriage of the happy couple. This marriage is hoped that so few complaints will

It was announced by Mr. Young, educational counselor, that the morning sessions begin at 8 a.m. and evening sessions begin at 5:45 p.m. or an hour. We, of course, mean our own people. To mention a few of these classes: Cooking for the Home, Barracks for the Field, and Dr. Lawrence who teaches the football team from Korea, money for man of M. E. Boy's dormitory, money for Nuuanu "Y" swimming tank, Christian Advocate, English Language, graduation banquet, K. C. I. commencement program. Miss E. H. C. Chung's able leadership, an interesting program, consisting of solo, poppy seed and various skits, was presented. Contrary to popular impression, Tomlinson, the band master, excelled himself everyday laugh to apoplexy.

The young man who has been recently appointed to the executive committee of K. C. Funeral services were held at the Methodist Church Monday afternoon, followed by internment in Nuuanu cemetery.

By Jengo, don't forget that GFD serves plants on Daniel Island on Memorial Day, May 30th. Plenty of good time in store. Girls will be leaving the majority of their respective partners, and, among boys, if such an invitation comes, you don't blush.

Mea Han Whang, Korean secretary of the International Institute, will call for San Francisco on the 25th of this month on a flying trip, returning next September. She expects to take up some summer school work while there in addition to other business. Believe it or not, The Young Korea is in receipt of the news that Dlam's late niece, Son C. E. Lee, has gone to Columbia to practice her chiropractic profession. This, however, is not yet fully confirmed.

It's a sight for the sore eyes, Miss Scandinavia now shows off a beautiful floral number which brought the entire audience to its feet. Short remarks were made by Mr. Stevens B.
