THIS YEAR’S CHRISTMAS EXERCISES IN CHURCHES TO BE BEST IN HISTORY

THREE CHERCHES JOIN WITH ONE ANOTHER IN PREPARING CHRISTMAS PROGRAMS, WHICH 1 BE EXPECTED TO OVERSHADOW ALL PRECEDENTS.

In reaction to the 30,000-odd religious societies of the local Korean community to educate the Church’s Christmas season is being held at hand. Committees are being held at work in each of these churches endeavoring to make their own Christmas exercises more splendid than the others. Public is called upon to participate in the excitement of good deeds and thoughtful activities, beginning from December 7th and lasting until the 12th.

One of the organizations in this venture is the Korea Christmas Association, composed of the Korea Christian Church, the Korea Christian Church and the Korea Christian Church, each of which has a separate program in mind. The three organizations have agreed to hold a joint Christmas program, to be held on December 12th at the Korea Christian Church. The program will consist of a variety of activities, including a Christmas song concert, a Christmas play, and a Christmas drama. The program is expected to be well attended and to provide a festive and joyous atmosphere for the Korean community.

HAWAII IS FACING ECONOMIC CRISIS AS SUGAR FALLS

CAUSES SLOW DOWN OF BUSINESS EVERYWHERE HAVE SET MINORITY

With the gradual drop of prices on coffee, which at this time is quoted at $4.50, a decrease of 45 percent from that of last year, Hawaii is now facing a serious economic problem. The sugar industry has also been affected, with a decrease in output and a drop in prices. As a result, the local economy is suffering, with many businesses closing or reducing their operations. The situation is expected to continue into the future, with no immediate relief in sight.

Industrial Field in Korea Is Yet Unexplored—Park

Ewan Doo advises ALL TO LEARN FARMING

"Dao is a country still in the process of making and all the splendid opportunities for landowning men when they do not find it in their interest. They are certain to find land for sale, so Park, who has been returning recently from a trip to the Philippines, was able to tell them that there were many opportunities for landowning men in the country. This is our time to take advantage of these opportunities before they are gone.

Park is overwhelmed with the improvements that have taken place in the country. He does not hesitate to advise his friends here to go out at the earliest possible moment to take advantage of the opportunities that are being offered. They insist that he go out at once to see the improvements for himself, to see the progress that has been made and to take advantage of the opportunities that are being offered.

Record crowd attends annual affair with unprecedented vim

MANY PROMINENT YOUNG LEADERS OPEN DISCUSSION WITH SPEECHES

By C. B. Y. In

With the sun setting slowly in the western horizon, painted with a golden hue, the atmosphere of the occasion was at its peak. With a touch of elegance and grace, the program started off with a high note.

Young women and men of the American Church, representatives of various organizations and churches, were present. The program was divided into sections, each with a different theme. The opening section was devoted to the history of the American Church, followed by a section on the current state of the church, and finally a section on the future of the church.

A special feature of the program was the的话始s speech. The speaker, a well-known pastor, delivered a powerful message that touched the hearts of the audience. The speech was followed by a question-and-answer session, where the audience had the opportunity to ask questions and engage in a lively discussion.

The program concluded with a final prayer, a moment of silence, and a benediction. The atmosphere was joyful and uplifting, with a sense of unity and purpose. The program was an excellent opportunity for the young leaders to come together and discuss important issues facing the American Church.
EDITORIAL

REGARDING STUDENT PROTEST

Since this is a student publication, taking of space for another lecturer or Student Alliance should not be construed as an act of monopoly. I want to have a heart-to-heart talk with the students who are apparently indifferent toward the progress of the organization, and if I can do nothing further than to convince them, even to the extent of my present strength of mind, I shall consider my present effort not in vain. It is true that the Student Alliance has not run true to line, but that was not a sin committed by the organization. This is true that there have been times when something had to be done, and that there is some enthusiasm, but a mere skin does not have to be concerned with the spirit of many entusiasms. But, it is also true that there is a great deal of work that has to be done; that the Student Alliance is not working fast enough still. There is enough work to do, but it is because there is not enough work to be done that I am writing. There is a great deal of enthusiasm, but there is a great deal of enthusiasm, too. And, there is not enough work to do, but there is not enough work to be done. This is true that there have been times when something had to be done, and that there is some enthusiasm, but a mere skin does not have to be concerned with the spirit of many entusiasms.

DON'T COME TO HAWAII BLINDLY

On the other hand, to come to Hawaii with the wrong idea of the enemy, and a wrong attitude of the enemy, is a sin against the progress of the organization. This is true that there have been times when something had to be done, and that there is some enthusiasm, but a mere skin does not have to be concerned with the spirit of many entusiasms. But, it is also true that there is a great deal of work that has to be done; that the Student Alliance is not working fast enough still. WILL BOOST US TO THE MOST

Dear Editor-

The Alliance election meeting on the evening of Tuesday, 30th of March, was a successful and enjoyable meeting. The attendance was far better than usual, and the atmosphere was highly charged. The election of officers was successful, and the voting was done in a fair and orderly manner. The new officers were elected unanimously, and the meeting adjourned to the sound of applause.

Believe me, we owe our success to the efforts of all of you. I know I can't express my gratitude in these few words, but I hope you will be satisfied with my thanks.

Clarence H. Lee,

Who's Who

CHAN JAY KIM

The list of celebrations in our Hall of Fame is so far complete we had omitted Chi, name of Chan Jay Kim, who stands out as the guiding star in the life of the young Koreans in Hawaii. Perhaps Mr. Kim would object to the idea of mentioning his name in this way and he might not appreciate this column, come use with a brickbat. But, brickbat we have no brick. I am going to do the mentioning because he deserved public knightly. Any way, only right that we should render

K. C. I. NOTES

It was K. C. I., day at the Christian Church last Sunday morning. The ushers began from 11 to 12 and the next was placed at the disposal of K. C. I. Students were called, and the number of students in their own way. Songs by the school, the chief performer, was the main feature of the day. Scriptural reading was done by Miss Maria Yuko. Miss Mary Aiko, Miss Mary Alice, Miss Maria Moon, Y. K. Kin- to, Y. T. Y. and Miss C. H. M. H. The usual K. C. I. service and greater advancement was the main feature of the day.

ORATORY MEETING

There are all kinds of lamps that burn in the darkness of the world, commotions, sobriquets, socialism, and imperialism. The Russian is the greatest of these and the heaven, Germany to sociology, and Japan to democracy. The government of the people of Chinese needs, the recognition of their country is some of these "lowly" self-satisfied nationalities. Train our children to cultivate that spirit, direct our industries and agriculture to that end. Historically, language is the universal asset to nationalism, and we must teach our children to appreciate and write their national language as they do their English. Several musical numbers were interspersed among the declamations. The title of the song was "The M. E. Church Choir for the Y. M. C. A. of the Military" and the choir consisted of Miss Aiko, Miss Y. Y. E. L., assisted by Rev. R. W. Cho, president of the club.
