Marjorie Grant Whiting Papers
Box 8
May 2010

New Box #	Item	Description	Notes All folders need to be numbered
8	Spiral bound, 9 1/2" x 6" notebook inscribed with Whiting's name on front cover	Primarily journal citations and other references; also notes to self, names of people and phone numbers; several blank pages.	
8	Folder: Neuro 3	medical journal articles, reprints or removed from journals re: various topics.	
8	Folder: Index to Cancer	letter to Dr. Whiting from V. Rubin re: research with vincaleukoblastine; "Appendix B, Index to Epidemiological Studies…;"Index for Current Studies*…"; "Priority for selection of epidemiological studies of cancer* for Project entitled Diet, Nutrition and Cancer."	
8	Folder: Oncology - "Cancer in 5 [Five] Continents	photocopy of article by Prof. Sir Richard Doll, Proc. Roy. Soc. Med., Volume 65 January 1972.	
8	Folder: Cancer Notes	Overall relationship of carcinogens and diet. Citations in professional literature re: chemically induced liver diseases, including liver cancer, in animals and humans. Aflatoxin (poison from a fungus that can grow on foods, such as grains and nuts, that have been improperly stored - WebMD Public Information from the National Cancer Institute accessed 2/24/09) mentioned as a causal agent several times; other G-I cancers also cited, fiber in diet; comparative studies of ethnicities in Middle East.	clippings for possible photocopying
8	**Folder: Cancer & Disease	**Charts delineating Cancer and Diet/Diet and Nutritional Status in different areas of Asia; citations re: several cancers and diet in Middle East, other ethnicities; diet and nutritional status vis-à-vis other chronic diseases; some dups.	
8	Folder: Diet, Nutrition & Cancer Study	Appendix A, Directory to Diet, Nutrition and Cancer Studies (Level 2 Reviews…June 30, 1977") draft with handwritten additions/corrections in pencil and pen, maps of various countries and world maps inserted;	
8	Folder: Cancer	Primarily citations, few abstracts and articles re: various cancers worldwide.	
8	Folder: UN Mission to Pacific Islands Guam 4817	"United Nations Visiting Mission to the Trust Territories of Nauru, New Guinea and the Pacific Islands, 1959. Report on Nauru…(2 June - 6 August 1959)…	
8	Folder: Rx [cross-reference ?] for Editing	Charts inside front and back cover "A Summary Sheet, "Diet & Cancer and "Cross-Ref in Directory from Directory;" citations and abstracts re: cancer epidemiology in various cancers, food surveys.	
8	**Accordion folder annotated "dup US"	loose material in front of manila folders - few citations & abstracts, other references to different cancers, review forms for nutrition study; citations/abstracts, few journal articles re: various cancers in variety of populations in U.S.	**Look for duplications elsewhere
8		folder marked "dup West Virginia, New Jersey": short article on N.J. ban on carcinogens; newsclipping from Washington Post stapled to back of folder re: DuPont chemical plant in W. Virginia and incidence of cancer among its employees.	
8		folder with stapled note "Canada D/NS dupl…" and 513 on tab: Canadian Eskimos/Indians, Greenland Eskimos and nutrition.	
8		folder with stapled note "US Cancer 522 dupl;" 529 on tab: "Statement by Theodore Cooper, M.D. ...on Nutrition and Human Needs United States Senate, Tuesday, July 27, 1976; Notices re: research on several different cancers; citations few journal articles on various cancers in U.S.	
8		folder with stapled note "US D/NS 523 dupl;" US Nutr 523 on tab: routing slip attached to study "Radiological Surveillance of Total Diets in Select Locations…;" 3 handwritten journal references clipped together with note, "dupl USA."	**Look for duplications elsewhere
8		**folder with stapled note "525 D/NS dupl;" New Eng 525 on tab: few citations, 1 abstract re: diet/nutrition in Vermont, Connecticut and Massachusetts.	

New Box #	Item	Description	Notes All folders need to be numbered
8	Folder: Cancer Notes	Citations regarding several cancer types, occurrence, some related to diet/food habits.	"Next Go Around" on yellow adhesive note on tab
8	Folder: Cancer Research	Group of print-outs and citations clipped together with note, "Next x around;" citations: neoplasms, neoplasms and diet, carcinogens and diet; review of lit. for several cancers, project abstracts in nutrition and health	
8	Folder: Bibliography Mutagens 5051	Several pages of Dialog SearchFile6 results; few citations from other reporting systems and medical literature on mutagenic test results and evaluations.	
8	**Folder: Cancer - Toxic Foods	Journal article re: plant used for treatment from Ukraine; report from U.S. Congress, Office of Technology Assessment, "Environmental Contaminants in Food, December 1979;" Bibliography from U.S. Dept. of Agriculture, "...Harmful Effects of Chemicals Produced by one Plant upon Another..., March 1981;Citations/abstracts, journal articles re: diet and nutrition, food additives, toxic substances/carcinogens, vis-à-vis various cancers.	**April-June 1968 issue of Economic Botany [article Cycad Husk from Guam..." cut out per note on cover of issue; *copy of "Technical Proposal Literature Study...Populations in Relation to Diet...Submitted by Checchi and Company..." May 4, 1976 [Dr. Whiting was P.I.]
8	Folder: 4271 [?] 427I [?]	Minutes of the 29th Meeting of the…Group on Environmental Carcinogenesis…December 9, 1976; Dialog Search File10 results for nutrition, food-related disorders, carcinogens; list of publications and bibliographies; citations from professional journals re: assessment of nutritional status and dietary surveys of different ethnic and age groups ; ; 4 page pam "Fermented Foodstuffs in Use in Various Parts of the World, "...Conference on Nutrition, Gambia 1952...; one article in Japanese about human cancer, no translation; additional citations re: carcinogenesis of various cancers.	various hand-drawn tables for methodology of a study?; several pages of hand-written notes of references [by call number?] for particular subject, ex., biochemical tests, nitrosamines, etc. typed note addressed to Regina Schoental, n.d., re: "cycad starch" as stored food on Guam;
8	Folder: Cancer India duplicates on note, 146 on top right of front of folder; India on folder tab	Data collected and sources cited re: various cancers in India.	
8	Folder: Cancer 4832	Notices or research projects re: food and nutrition; collection of data, citations and abstracts re: various cancers worldwide; various cancers and chronic pathologies, ex. diabetes, hypertension, etc. and nutrition in various countries. Reprint of Jnl of the National Cancer Institute, 41: 155-203, 1968. "World Maps of Cancer Mortality Rates...". Citations and abstracts about exposure to numerous environmental factors, other risk factors in relation to cancers.	reprint "Phytogeographic Relationships in Cancer.../Roger O'Gara, M.D. notes Cycad (Zamia) in Table 1 on p. 167 as having Cycasin, an identified carcinogen. The reference on p. 171 includes Dr. Whiting and the source.
8	Folder: HRAF [Human Relation Area Files] 4687	Several pages annotated, "Murdock, George P., ed, Outline of Cultural Materials, 3d Rev. Ed. Human Relation Area Files Inc., New Haven 1950, p. 18-27;" Zatoperk card duplicating much of info on Murdock outline; article, "Summary of the Informal Discussion on Physical-Chemical Factors"/Paul Kotin.	
8	Folder: 4568	notes made on comments from article on another article about pancreatic ca; list of factors considered re: study, ex., methodology, funding, etc., and associations, correlations discerned.	

New Box #	Item	Description	Notes All folders need to be numbered
8	Folder: Change 4548	Citations and one jnl article regarding changes in diet and nutrition.	
8	Folder: Selected Out Aust	Citations and abstracts re: cancers in New Zealand, US compared to Samoa, areas of the Philippines and Australia.	
8	Accordion folder (no manila folder:) head and neck 36R	Notes tracking citations in folder re: etiology and epidemiology of head and neck cancers and whether they have diet, nutrition components and geographical location, etc.	
8	Folder: Cancer bibliography 4835	Appears to be 2 complete bibliographies from unk. sources. First is paginated 57-69 with no annotations; 2nd bib. appears to be from a later edition- most references are the same with some changes or additions. Annotations made in pencil along right margin. This bib is also paginated 57-69.	
8	Folder: Fat PUFA [polyunsaturated fatty acids,] SFA [saturated fatty acids], ALE? AIE ?	Research re: fat and cancer rates; pufa vs. sfa vs. "prudent diet" and effect on serum cholesterol level and cardiovascular health.	
8	Folder: Cancer / Draft Rx	Appears to be draft of publication detailing nutrition and its role in carcinogenesis taking other factors into consideration, such as ethnicity, food practices, etc.	Includes recommendations for populations to monitor, bibliography, citations, notes for MGW to attend to, changes to make, etc.
8	Metabol	article, "Passive Immunity against Childhood Cancer", citation re: chemical carcinogens, hand-written notes re: effects of MAO inhibitors with tyramine and those foods.	MAO [monoamine oxidase] inhibitors are anti-depressants that interact with foods containing tyramine resulting in serious cardiovascular problems. http://www.webmd.com/depression/guide/optimizing depression-medicines?page=2, accessed 3/5/09.
8	Goitre [sic]	publication, "Food and Nutrition in Africa," photostatic copy of article re: New Guineans and goiter; citation: foods with goitrogenic properties; draft RFP - Thyroid and Breast Cancer.	photostatic copy of article and citation: foods with goitrogenic properties to be photocopied
8	Folder: Floride [sic] Fl	copy of memos from NIH to Sen. RFK, Mrs. Alfred Sherman re: controversial "Warberg concepts of cancer control;" Burke Report, "Fluoridation-linked Human Cancer Mortality;" Congressional Record - House, December 16, 1975 re: fluoridation in drinking water supply and link to cancer.	MGW marginalia here and there; some pages may need to be photocopied. **Some files transferred to legal size folder**
8	Folder: Floride [sic] Fl [**Legal size]**	copy of memos from NIH to Sen. RFK	**Transferred from "Floride [sic]" folder**
8	Folder: Cancer References	multiple bibliographies from various sources	some pages may need to be photocopied; couple of pages near end of folder appear to be water-stained, but legible
8	Folder: Found loose in Collection	Booklet, "Carcinogenesis Related to Food…;" compilation, "Cancer in Sub human Primates," "Morphology and Classification of Kidney Tumors in Wistar Rats…" by Gusek.	paper by Gusek notes studies done by Laqueur and coworkers re: cycad meal and cycasin.
8	Folder: Cancer	citations, several issues of "Cancergram" containing abstracts of cancer-related articles, "Dairy Council Digest," translated article from Russian re: effect of ginseng plant vs. Ehrlich's ca; inc. article, "Serum pepsin…;" several citations on short pieces of paper; reprint of article, "Studies on...Taurine."	perhaps citations on short pieces of paper could be photocopied on one sheet to prevent their loss.
8	Folder: Cancer incidence	article, "Gastric Cancer in American Negroes."	

New Box #	Item	Description	Notes All folders need to be numbered
8	Folder: Hawaii Diet (Cancer)	citations and abstracts re: cancers in Hawaii, ethnic differences, risk factors; hand-written notes; article on studies of cancer in migrant populations, etc.	refolder - tab is raggedy; some pages, news clippings need to be photocopied.
