Thank you to everyone who submitted LSM nominations. The nomination process is now closed and we notified nominees for the positions they have been proposed for. Please reply to those emails stating whether you will accept or reject the nomination by April 14th at 6:00 pm HST.

LSM heavily depends on students volunteering their time to support the department either through social activities or academic advocacy. We appreciate all of the hard work from our current members and we will be particularly sad to see our graduating members of the Executive Committee leave us.

We hope to be more active in the coming year and we encourage all members of LSM, students, and faculty to be more involved!
