Aloha everyone!

LSM hopes that your first month of Spring 2023 semester has been going well! There are a couple of changes in our upcoming LSM events as below. Mark them on your calendar and join us!

As always, we welcome any feedback on how LSM can best serve our community, so feel free to reach out if we can help in any way.

### LSM EVENTS

**February 26**
Ling Dept. Student-only Dinner
(Third Saturday Workday on February 18 will be cancelled due to the Open House and ICLDC)

**February 27**
Ling Dept. Dinner for visitors, current students, faculty/staff

For more info: UH Ling website or HERE
Kudos to doctoral student Josiah Murphy for presenting her paper at the LSA’s annual meeting in Denver. "Tabletop game design for Indigenous language revitalization: An autoethnographic case study" highlights the need for collaboration between linguistics and pedagogy to create revitalization materials.

Congratulations to Dr. William O’Grady for being inducted as a Fellow of the Linguistic Society of America (LSA)! William would like to acknowledge that he has learned something from everyone he’s worked with, he’s very fortunate to be in our department, and he thanks his students and colleagues. Ho’omaika’i!

Introducing IDEAL

Initiative for Decolonization, Equity, and Anti-Racism in Linguistics.

This group intends to work towards a more holistic approach to language-based academia by decolonizing common rhetorics and epistemologies.

If you are interested in attending, our first meeting will be Friday, February 17 from 4:00-5:00 pm HST on Zoom—check your email or reach out to ideal@hawaii.edu for the meeting link/password.

ICLDC 8, to be held virtually from March 2-5 2023, is still seeking volunteers!

If you are interested in volunteering, please fill out our volunteer form and indicate your availability HERE.

If you’re unable to volunteer but would still like to attend the conference, registration information can be found on the ICLDC 8 website.

We hope to see you in March!
FEBRUARY 2023

GIS WORKSHOP

Thanks to everyone who attended the GIS workshop. If you couldn’t attend, here is a handout with an overview of the activity that we did. Please note that the GIS lab is available for use to all UH community members and is located on the ground floor of Hamilton Library (Rm 006). Also, Hamilton has a subscription to ESRI resources for learning more about ARC software and GIS tutorials. Let us know if you’d like LSM to arrange more software/resource workshops like this in the future!

LSM Valentine's Day Grams

Show your appreciation, fondness, admiration, or love to your friends and colleagues in the department! Make someone's day and make them feel special!
