MEMORANDUM

TO: Ron Cambra
AVCUE

FROM: Michael Bruno 
Interim Vice Chancellor for Academic Affairs

SUBJECT: Program Review Three-Year Progress Report

Thank you for your memo dated November 23, 2016. It is encouraging to see the good work being done to better support transfer students to Manoa, particularly the efforts to expand advising for the Ka'ie'ie initiative to all seven community colleges. Furthermore, initiatives aimed at increasing student retention and improving the first year experience are admirable and have yielded promising results. I look forward to seeing these efforts develop even further between now and the next comprehensive review. Finally, the ongoing focus on reorganizing the Office of Undergraduate Education to increase efficiency and optimize the operational relationships between the many offices within the unit appear to be on-track and will ideally be actualized before the next review.

The next comprehensive review visit for Undergraduate Education is scheduled for the 2017-18 Academic Year. Please feel free to contact Program Officer Goodwin, agoodwin@hawaii.edu if you have any questions or concerns.

c: April Goodwin, Program Officer, OVCAA
