Notes:

Track II students do not take CHEM 161; they take CHEM 151 + 151L.

Usually internship employment conducted during summer, with credits awarded the following fall after submission of final paper.

Track requires: 12 upper division credits of depth in a selected social science discipline; either FAMR 352 or NREM 420; either NREM 341 or NREM 351; 3 upper division credits in social science research methods (or advanced com); 3 credits in social science quantitative methods selected from GEOG 413 (F and Sp),

NREM 429 (Sp), NREM 458 (Su), or NREM 477 (F and alternating Sp); 9 upper division credits in elective natural resource area(s) or field study methods.

Students must incorporate all focus requirements into this plan.

Minimum 45 upper division (300+ course) credits are required.
