   3. However, in the future, we will need to figure out the logistics to maintain the security of the survey by:
      a. Export listserv email addresses and import users to the contact list to SurveyShare to maintain security for the survey.
   4. There was a question about the number of people in the listserve; the answer has yet to be discovered.
   5. Senator Sensano suggested adding a survey tab to the website to become a landing page for active feedback and surveys.
