# University of Hawai'i at Mānoa Instructions for Fee Proposals

#### **BACKGROUND AND CONTEXT:**

"Fees" refer to all mandatory and required charges other than the cost of tuition. Hawai'i Administrative Rules §20-15-1 and Board of Regents Policy Chapter 6.203 authorize the University of Hawai'i to establish user fees for services provided by various programs at the University of Hawai'i. The establishment of new fees requires Board of Regents (BOR) approval. Any increases or decreases to fees require BOR approval unless authority is delegated to the President or authorized designees. Under BOR and Executive policies, there are seven categories of fees which include: 1) Professional Fees, 2) Mandatory Student Fees, 3) Housing Fees, 4) Course and Laboratory Fees, 5) Transaction and Service Fees, 6) Ancillary and Auxiliary Service Fees, 7) Commercial Enterprise and Other Self-Supporting Operations, and 8) Athletic Admission Fees and Charges to Athletic Events (see Chapter 6, Appendix 1).

#### PROPOSALS:

The Requesting Unit is responsible for engaging in consultation with impacted groups <u>prior</u> to submitting a fee proposal. Proposals will include a cover letter, statement, and projected budget (see Appendix A). It is strongly recommended that memoranda and proposals be reviewed by the appropriate Vice Provost while still in draft form, to ensure that necessary changes are made *before* the documents are routed for signatures.

#### TIMELINE:

As a best practice, all new fees or rate increases will only be implemented in the Fall. All proposals must be submitted and approved a year prior to the Fall semester in which the fee will be implemented. For example, if a department is proposing that a course fee be implemented during Fall 2021, the completed proposal must be submitted to the Campus Fee Advisory Committee during Fall 2020. Please allow adequate time to work with the appropriate Vice Provost and the Campus Fee Committee prior to submission, as proposals often require revisions/additional information.

## **CAMPUS FEE ADVISORY COMMITTEE:**

The Campus Fee Advisory Committee is promulgated by the Provost and serves as the Provost's review of proposed campus fees. The Committee makes recommendations to the Provost regarding campus fee proposals. The Committee is comprised of representatives from the Vice Provost for Student Success; the Vice Provost for Academic Excellence; the Vice Provost for Enrollment Management; the Vice Provost for Research and Scholarship; the Mānoa Office of Business and Finance; the Associated Students of the University of Hawai'i (ASUH); the Graduate Student Organization (GSO); the Mānoa Faculty Senate; and the Staff Senate. The Vice Provost for Student Success serves as the facilitator of the Committee. The purpose and objectives of the Committee is as follows:

- To evaluate proposals pertaining to the establishment of new fees, abolishment of existing fees, or revisions to current fees.
- To provide an assessment to the Provost regarding the implementation or revisions of the proposed campus fee.

The Committee will consider the following in its assessment:

- The population impacted by the proposed fee
- The impact of the fee on the level and quality of service provided
- The impact of the fee on the student's cost of attendance budget, as applicable
- Results of consultative the processes with the impacted population
- Similar fees at peer and/or benchmark institutions
- Evidence demonstrating that fees structure covers cost of services at the university
- Manner in which the fees will be collected and allocated
- Manner in which the fees will be expended. A budget should be included illustrating budget details

## **INSTRUCTIONS FOR FEE PROPOSALS:**

Proposals will include:

- 1) Fee Proposal Form (see attachment)
- 2) Action Memo request (see format) <a href="http://go.hawaii.edu/WDA">http://go.hawaii.edu/WDA</a>
  Please see the chart below to identity if the Memo should be addressed to the Chair of the Board of Regents or the UH System President.

Fee Type	Description/Examples	Authority to Establish New Fee	Authority to Increase/Decrease Already Established Fee
Professional	For select professional programs that have high costs in comparison to other instructional programs with the same tuition. Generally assessed once each semester during enrollment in the program, but not necessarily applied during summer or other short terms.	BOR	BOR
Mandatory Student	Student organization fees. Used to fund the operations of student governance organizations and other co-curricular student activities, publications, broadcasting, and campus center operations.	BOR	President *
Housing	Housing fees, including associated meal plans, which are used to offset the operational costs of housing, bond indebtedness associated with housing revenue bonds, and maintenance and repair programs for housing. Housing fees may be developed for semester long attendance and for short term stays.	BOR	BOR
Course & Laboratory	Select courses that have unique costs in comparison to standard offerings or which are outside the normal credit course offerings.	BOR	President
Transaction & Service	Assessed to users of selected services as a means to offset all or part of the cost of providing the service or as a result of other directly related costs incurred to the institution.	BOR	President
Ancillary & Auxiliary	Charges for certain University services used by students, faculty, staff, and the general public. Programs shall be responsible for providing public notice of the applicable charges.	BOR	President
Commercial Enterprise & Other Self- Supporting Operations	Certain programs, goods, and services provided by the University to students and the general community on a self-support basis. Because the charges associated with these programs, goods, and services are subject to market demand, changing supply costs, competition, and rapid change, they are not subject to prior approval by the Board.	BOR	President
Athletic admission fees and charges to athletic events	Charges to university athletic events based on the premise that athletic programs are expected to be largely self-sufficient while providing one of the major venues for interaction between the university and its external constituencies.	BOR	President

<sup>\*</sup>Up to 3% per year, but no more than the increase in the real cost of services provided to the students (RP 6.203).
