MAJOR HIGHLIGHT

In the Major Highlight we’ll showcase a UHM Major! This issue’s major is...

Tropical Agriculture & The Environment (TAE) - How can we feed, clothe and provide energy for 9.7 billion people by 2050 and sustainably use and protect natural resources and biodiversity? Tropical Agriculture and the Environment (TAE) is a new BS program that focuses on the interaction between agriculture, the environment, and our communities to answer this question. TAE, as a STEM program, encompasses various fields to foster the interdisciplinary approaches needed to address today’s challenges.

TAE MAJOR OPTIONS

Environmental Soil Sciences
Invasive Species Management
Landscape Horticulture
Plant Physiology & Genetics
Plant Production & Management

Agricultural Manager
Business owner or entrepreneur
Commercial researcher
Conservationist
Consult and manager
Insect specialist
Environmentalist
Landscape designer
Molecular biologist
Plant disease specialist
Soil scientist
Teacher

TAE STUDENT SPOTLIGHT

Jesse Orozco

I am originally from Costa Mesa California. I transferred from Kaua‘i Community College. I picked the TAE major because of my love for plants and God’s creation. I want to study Horticulture and work in the Landscape Design and Maintenance field. My biggest piece of advice would be this quote by Theodore Roosevelt.

"It is hard to fail, but it is worse never to have tried to succeed"
In the Service Highlight we showcase a UHM service to assist your transition to this huge campus! This issue’s service is...

**The Learning Assistance Center (LAC)** - Stop by the new LAC Lounge in Sinclair Library! Upon entry to the library, turn right and the friendly LAC staff will be ready to assist you!

The LAC offers FREE tutoring* in a variety of settings:
(1) **One-on-one tutoring** appointments in Sinclair Library
(2) Weekly, **group study sessions** (Supplemental Instruction) for selected courses.
(3) **Evening, walk-in tutoring** in the residence halls (next to Hale Aloha Caf), and
(4) **Academic Consultation** to hone and develop study skills applicable to all your classes!
(3) Weekly group tutoring called Supplemental Instruction, and
(4) Academic Consultation for study skills applicable to all your classes!

**Peer tutors are trained, enthusiastic guides ready to help you to succeed in your classes!** Tutoring is offered for a range of courses in Math, Science, Business, and Language!

And, when you do well in these classes, you could even become a tutor through SECE Student Employment
https://sece.its.hawaii.edu/sece/ or become a volunteer tutor through Peer Mentor ‘Ohana.
