Are you interested in improving sustainable agriculture and food security for Hawai‘i and the people through research or innovative programming?

OPEN TO ALL UNDERGRADUATE MAJORS AT UH-MANOA

Seeking undergraduates interested in working with faculty and high school students to develop a project to sustain food security and sustainability Hawai‘i!

If this interests you, please join CTAHR’s Food Systems Working Group to explore and identify a potential project idea and apply for UROP (Undergraduate Research Opportunities Program) funding by 10/10/21.
